

Accountancy Age names INPACT as the 15th largest accounting association

INPACT is the world's 15th largest accounting association in the world according to Accountancy Age.

The Accountancy Age Top 40 Survey of networks, associations and alliances 2016 ranks global alliances by fee revenue.

INPACT's fee revenue reached \$268 million resulting in the alliance moving from 19th in last year's survey to 15th in 2016.

Lena Fiedler, INPACT's International President, commented:
"Being named the 15th largest accounting association in the world is an excellent achievement for INPACT. Our members continue to demonstrate an exceptional level of service that has raised the reputation of the alliance. We will continue to grow our alliance to improve on this year's success."

INPACT's success is due to the high standard it expects from its members and its continued commitment to grow its membership. INPACT is currently looking for new members, particularly in Central and Eastern Europe and Africa regions.

INPACT is an alliance of accountancy firms with over 140 members operating in Europe, Middle East, North and South America, Asia and Africa. P & P Advisory Services Ltd has been a member of INPACT international since 1998.
